THE FOAM PREMIUM FACTORY

CHARITY POLICY – PROMOFOAM DIVISION.

Promofoam continues to work closely with a great number of UK and international charities. Consequently we are often asked if we tender Charity rate discounts.

Over many years we have stuck to a “best price for everyone” policy where every customer has a right to our most competitive pricing. If we were to discount for some, others would end up paying a higher price. In a specialised market like foam, we feel this attitude isn’t fair or workable. Rest assured that all charities get a competitive offer from us.
